A BLOWN BUBBLE.

A New York Bank is Rushed to Ruin by
the Liberality of its
President.

Twenty Persons Lost at Sea—Mistaken

General.

Another Bank Bubble Burst.

MIDDLETOWN, N. Y., Nov. 28.—The
Middletown National bank has failed
and the doors were closed this morning.
The failure was caused by President
Thomas King, who accepted large drafts
from Benjamin D. Brown, a grain dealer
of Indianapolis and Burlington, Iowa,
without security. Brown has made an
assignment. Capital, \$200,000; surplus,
\$115,000. The extent of the loss is not
yet definitely known. The depositors
will lose nothing. President King takes
all the blame upon himself. His recent
advances were made without the knowl-
edge of the other officers and directors
of the bank. The examiner is on his
way from Washington. There is a slight
run on the savings bank here, but the
latter is in no way involved and will
stand the run.

FAILURES FOR THE WEEK.

New York, Nov. 28.—Failures for the
last seven days as reported to R. G. Dun
& Co. for the United States 242, for
Canada 27, total 249, as against 277 last
week. This is a decrease of twenty-
eight compared with last week.

Crushed by His Firm's Failure.

ROCHESTER, N. Y., Nov. 28.—Chas. I.
Goodwin, of the firm of Chas. I. Good-
win & Co., cracker manufacturers of
New York, left his home about 2 o'clock
this morning in a distracted state of
mind, uttering terrible imprecations. He
was pursued unsuccessfully by his wife
and neighbors. His mangled body was
found this morning near the railroad
track with the head and right arm cut
off. The heart and entrails were torn out.
Goodwin was sixty-two years of age and
leaves a wife and three children. The
recent failure of his firm, it is supposed,
affected his mind.

The Coal Miners' Convention.

PITTSBURGH, Nov. 28.—The convention
of coal miners reassembled this morning.
The question of maintaining the district
price of three cents per bushel was dis-
cussed. The competition which the
natural result is now forming was con-
sidered in all its bearings and it was re-
solved to have facts prepared for sub-
mission to the trade tribunal at the next
meeting. A committee was also ap-
pointed to wait upon the miners employ-
ed at the Plum Creek and Sandy Creek
mines to induce them to strike for three
cents. They are now receiving two and
one-half cents per bushel.

A Robber Lynched.

BALTIMORE, Nov. 28.—A report has
reached here that George Briscoe, col-
ored, was lynched Wednesday at New-
bridge, in Anne Arundel county, this
state. He was charged with robbery
and when delivered to the constable to
be taken to jail at Annapolis, the crowd
waylaid the constable and took Briscoe
and hung him. He had previously
been warned to leave the county because
of frequent robberies in the neighbor-
hood.

The Coming Ice Carnival.

MONTREAL, Nov. 28.—The deputation
appointed by the carnival committee to
wait upon President-elect Cleveland and
tender him an invitation to the carnival
leave for Albany, N. Y., next week.
Erasmus Wideman, of New York, will be
asked to form one of the deputation.
The ice palace will be very much larger
than any of those in former years and
cost nearly \$6,000.

A "Free Thought" Convention.

SOHRENTADY, N. Y., Nov. 28.—The
"Free Thinkers" of Western New York
and Northwestern Pennsylvania hold
their second convention in this city, com-
mencing Thursday evening, Dec. 4.
The convention will last four days.

fresh cases of cholera at Toledo and two
deaths yesterday. At Benissa two fresh
cases and three deaths were reported.

The Earthquake on Its Tracks.

GENEVA, Nov. 28.—Several violent
shocks of earthquake were felt here last
night.

Stirring Again.

PITTSBURGH, Nov. 28.—The puddling
and horse shoeing departments of Shoem-

berger's rolling mill, which have been
closed for some time, resumed operations
this morning. Chess, Cook & Co.'s mill,
after a shut down of seven weeks, will
start up Monday.

SHUT DOWN.

BRIDGEPORT, Conn., Nov. 28.—The
Home Sewing Machine companies
works in this city shut down Wednesday
night until January 1st. Three hundred
hands are thrown out.

An Awful Crime.

SPRINGFIELD, Ohio, Nov. 28.—Dr.
John Maxwell Wednesday gave his four
children a mixture of arsenic and chlo-
roform, wrapped their faces in clothes
saturated with the poison, and placed
them on a bed. Then he took a similar
dose, and made the same preparations
for death. When Mrs. Maxwell returned
she found one of the little ones dead and
the others unconscious, two of them
dying during Wednesday night. The
doctor revived and has been im-
prisoned. He says he was tired of liv-
ing and wanted the children to go with
him.

The Washah Reorganization.

New York, Nov. 28.—President Joy,
of the Washah road, Messrs. Jay Gould,
A. L. Hopkins and O. D. Ashley
informally met at the Washah office this
morning after which Secretary Ashley
said: "We are no nearer a settlement of
the reorganization of the company than
we were the day we returned from Lon-
don. Communications still go on be-
tween New York and London bond-hold-
ers, but the company's affairs are at
present at a stand still. We have, how-
ever, hopes of carrying our plans
through."

Congressional Gossip.

WASHINGTON, Nov. 28.—The meeting
of the joint congressional committee ap-
pointed at the last session of congress to
examine and report on the workings of
the coast and geological surveys, hydro-
graphic office and signal service, which
was to have been held prior to the con-
vening of congress, has been postponed
until after the meeting of congress.

The Market Reports.

CHICAGO, Nov. 28.—It is understood
a partial compromise has been effected,
by which the board of trade will con-
tinue to furnish the Western Union Tel-
egraph company with its market reports
and they will be sent to all correspond-
ents of the Western Union company,
pending an effort to set aside certain in-
junctions now in force against the tel-
egraph company, which prevents it from
cutting off quotations from various
"bucket shops."

A Confessed Forger Released.

LOUISVILLE, Ky., Nov. 28.—Robert
McPhun, alias Brice, charged with ex-
tensive forgeries in Calcutta, was re-
leased from custody to-day. Judge
Barr, of the United States circuit court,
decided that the evidence, which was by
affidavits of parties in Calcutta, was not
adequate and accordingly Brice was
freed.

The Small Pox Abating.

BELLEVILLE, Ont., Nov. 28.—The
news from the small pox in north Hast-
ings is of a very encouraging nature.
Only two fresh cases are reported and
those under treatment are rapidly re-
covering. The spread of the disease is
believed to be checked and the danger
past.

The Dynamiters Again.

DUBLIN, Nov. 28.—An attempt was
made in Tralee last night, which nearly
proved successful, to destroy with dynamite
the residence of Samuel Hussey,
known as the Endinham house. Many
windows and a portion of the eastern
wall of the house was badly shattered.
No one was hurt.

Three Men Buried Alive.

BOSTON, Nov. 28.—Information was
received at police headquarters at noon
to-day that the coal sheds along the side
of the New York and New England rail-
road had fallen, burying three men be-
neath the coal and timbers. The names
of the unfortunates cannot be learned.

It Was not a Skunk.

STRAUSSE, Nov. 28.—Last evening
Norris Eaton, a farmer near the town of
Mauville, who has been annoyed by
skunks stealing his chickens, shot at a
black spot in the straw stack and
killed an unknown man hidden there.

the Congo conference, has declared in

Legislative Gossip.

INDIANAPOLIS, Nov. 28.—Colonel Gray
has been passing a few days in the city,
mixing with the politicians and renewing
old acquaintances. His official term as
governor begins the second Monday in
January, and the appointments falling
to him include private secretary, ad-
jutant general, commissary general, quar-
termaster general, state geologist, and
oil inspector. The board of health, L. M.
Downey, of Franklin, and Pierre Gray,
son of the governor-elect, are candidates
for private secretary; Captain John
Whitfield, of this city, and Col. Jeff
Scott, of Martinsville, want to be ad-
jutant general; Captain John Tindall is
seeking the appointment of quartermas-
ter, and Phil Chapman, J. M. Eaver, Nel-
son Hyde and Robert Allison, of this
city, besides a full score from the state
at large, want to be oil inspectors. This
office is worth \$1,500 per
annum, all in fees. Prof. E.
T. Cox, who did so much in
former years as state geologist in de-
veloping the mineral resources of Indiana,
is seeking reappointment to his old office.
No one is tearing his intimate linen, so
far, for the remaining offices in the gift
of the governor.

The general assembly will meet on the
first Thursday after the first Monday in
January. The secretary of state will or-
ganize the house, and the members be-
sworn in by one of the judges of the su-
preme court, after which the body will
proceed to the election of speaker.
The assistant secretary of the senate will
have three assistants, and there will be
seven appointments altogether, besides
five committee clerks, and four pages.
The elective officers of the house are
clerk, assistant clerk and door-keeper,
each of whom will have one more assist-
ant than is allowed in the senate, and
there will also be one additional page.
The speaker of the house and president
of the senate appoint the pages who re-
ceive \$2.50 a day. The salary of the
chief clerk and secretaries is fixed at \$6
per day, and that of the subordinate at
\$5. The legislature will elect a trustee
of each of the benevolent institutions.

Two Vessels Sent to the Bottom.

LONDON, Nov. 28.—The bark, *Luke*
Bruce, has been in a collision with the
steamer *Durango* in the English chan-
nel. The *Durango* sunk and twenty per-
sons were drowned.

LIVERPOOL, Nov. 28.—The steamship
Deceatur H. Miller, Captain Clark, which
sailed from this port yesterday morning
for Boston, was sunk one-half mile from
the mouth of the lower Craghill channel
by a collision with the steamship Wm.
Lawrence, Captain Hooper. Both
vessels belong to the Merchants and
Miners Transportation company. The
Lawrence was bound from Savannah.

It Was Simply Strangulation.

ANNAPOLIS, Md., Nov. 28.—A mes-
senger to Sheriff Fowler arrived this morn-
ing giving the verdict of the coroner's
jury in the lynching of George Briscoe,
colored. The jury rendered a verdict
that "death was caused by strangulation
at the hands of parties unknown." The
place of the lynching was a public road
about fifteen miles from Annapolis and
the time between 7 and 8 o'clock. When
Briscoe was seized he was in charge of
Deputy Sheriff Gratton and Boone and
Tip Wells, who had been summoned to

assist the deputy. A double-barrel gun
was put in Boone's face and Tip Wells
was pulled from the buggy and hurt se-
verely. The lynchmen numbered eighteen
and were masked. A lady in the third
district who was enroute and was fired
at by Briscoe, during one of his robber-
ies, is now a lunatic from the assault.
Briscoe was a highway robber and
burglar.

ateur comic opera season are circulating

The trouble between Prof. Samuel
Besser and the trustees of the New Haven
school has been adjusted and Mr. Besser
will continue to teach the youth of New
Haven. Mr. Besser tells us that his
democracy was objectionable to the re-
publican trustees but as he employed
J. M. Robinson to institute legal pro-
ceedings, the school trustees were
prompt to offer a compromise and with-
draw the ten charges given publicly in
THE SENTINEL Wednesday.

THE SENTINEL collectors will call on
all delinquent subscribers to-morrow.
Have the money ready for them.

Getting Thanks.

Yesterday was the day set apart by
the president and sanctioned by custom
as a day of national thanksgiving. It
was the day of big dinners, when the
yearly feast of good things comes and
when man is made to rejoice through
the pleasing of his stomach. It has been
said that a man's stomach and purse
guide his mind and yesterday it was the
stomach that ruled.

In this city the usual Thanksgiving
union services were held in the churches,
at the Trinity Lutheran, the Methodist,
the Presbyterian, the various Lutheran
churches and the Christian church,
where the Baptist, Congregational and
Grace Reformed congregations united
and sang praises to the giver of all good.
The feasts followed and around the tables
loaded with delicious happy families
gathered and enjoyed the blessings of
health and wealth. The poor, let us
hope, were remembered with kindly gifts
and that the day was passed as one in
which good was done to all mankind.

AMUSEMENTS.

"The Two Johns."

This popular comedy will be presented
at the Temple opera house to-night, with
John Stewart and John Hart in the lead-
ing roles. The play is in three acts and
aims to make people laugh. In the com-
pany are several good singers and also
the troupe is in an excellent one. This
entertainment can be recommended.
The sale in advance indicates a good
house.

"UNCLE TOM."

This old drama is still on the boards
at the Academy and draws immense
houses, notwithstanding the various
newspaper criticisms, which are even
more tiresome than the show.

TEMPLE ATTRACTIONS.

Col. John A. Scott announces the fol-
lowing attractions for next week at the
Temple opera house: Louis Aldrich, in
"My Partner," Dec. 2; Patti Ross, Dec.
8; Thompson's comic opera company in
the "Beggars' Student," Dec. 5. Fol-
lowing them in succession will be James
O'Neil, in "Monte Christo"; the "Hoop
of Gold," a spectacular play, and T. W.
Keene. Some of these great attractions
were announced as Academy bookings,
but it seems the Temple people are as
sharp as Brooks & Dickson.

RHEUMATISM "HAD" HIM!

"No," replied a sufferer, racked with cruel pain and bitter torment, "I haven't Rheumatism, but I have the terrible grip Rheumatism has, when it takes hold of the victim! It is not unusual to meet people who have been tormented by this cruel foe for many years that they thought their lives were over, and that they could never be cured. Rheumatism comes from poison in the blood. The doctors have wrestled with it in vain. They have found their prescriptions powerless to subdue it. ATHLOPHOROS has won the victory."

Mr. D. G. Stratton, of New London, Conn., was long a victim to this terrible Rheumatism, so that he could not walk. In twenty-four hours ATHLOPHOROS set him on his feet and took away his pain.

Mr. Godwin, of Crumpton, Md., was suffering to a frightful extent with Rheumatism. The rheumatism in him by ATHLOPHOROS has been subdued so completely that he is now well and happy.

The Rev. Mr. Beecher, of Chicago, brother of Henry Ward Beecher, has been afflicted with Chronic Rheumatism. He writes that ATHLOPHOROS "has removed all the sharp pains, and that he 'recommenced his friends to try it and be convinced.'"

ATHLOPHOROS "CURED" HIM

If you cannot get ATHLOPHOROS of your druggist, we will send it express paid, on receipt of regular price—one dollar per bottle. We prefer that you buy it from your druggist, but if he hasn't it, do not be deceived by trying something else, but order at once from

FRIDAY, NOV. 28, 1884.

OFFICIAL PAPER COUNTY AND CITY.

GEN. GRANT is ill in bed at his New York home.

A son of Senator Bayard is a school teacher in Maryland.

COLONEL LAMONT is to continue to be the private secretary for Mr. Cleveland.

It is stated that President-elect Cleveland will resign the governorship on the sixth of January.

The forty-eight congress convenes next Monday. The session will be less than seventy-five days long.

The question of raising the salary of Alabama's governor to \$5,000 is before the legislature of that state.

Mr. CALKINS, the late republican candidate for governor, has purchased an \$11,000 residence in Indianapolis.

The Philadelphia Times says that nice little St. John clergies are the latest wrinkles in republican kindling wood.

The probability is becoming more certain that the Blaine libel suit against the Indianapolis Sentinel is to be dropped.

A correspondent says Mrs. Blaine has always had a desire to reside in the White House. Also, this is a world of disappointments!

If the republicans will only keep up the hanging in effigy of St. John for four years the solid south will be joined by a solid north.

At a recent democratic celebration at Harrodsburg, Ky., three hundred caudlesticks which were used in a similar celebration in 1856 did service.

The country may well wait to hear from the Rev. R. R. Burchard's Thanksgiving sermon. It may contain something new about "Yokes."

The Mississippi and its tributaries represent about 16,500 miles of navigable waterway, capable of being permanently improved and retained for commerce.

The Associated Press has not as yet given any information as to where the "Rev." Ball preached yesterday or what reason he gave as to why we should give thanks.

It is a doubtful question whether liberal extracts from the civil service law was a sufficient appetizer to allow government clerks to enjoy their Thanksgiving dinner.

Mr. BLAINE'S Thanksgiving turkey, it is rumored, was of uncertain age and the meat was very dark in color. It was not very palatable and was seasoned with a vast amount of dissatisfaction.

Now THAT the lie in regard to the interview between Governor Cleveland and Hendricks has been so effectually disposed of there should be no time lost in stirring up another southern outrage.

WALKER BLAINE wants a judgeship on the bench of the court of claims. Walker Blaine is an Anglo-manic. Anglo-manics ought not to be judges in American courts.—*Indianapolis News*, (republican.)

Those few papers which have swung to the breeze "Our choice for 1888, James G. Blaine and John A. Logan" might realize more money by selling that space for a patent medicine ad. A good tonic and appetizer would be appropriate.

A WISE man has discovered that the figures "22" occupy considerable space in President Cleveland's history. To begin, there are 22 letters in his name; he was born on the 22d day of the month; is the 22d president of the United States; executed a man on the 22d of the month, and there are just 22 letters in "Rev." Burchard's alliteration.

The day of Thanksgiving is past. Churches held services and the worshippers dropped a mite in the contribution box for the poor after which they feasted on the good things of the table. But in many a household the Thanksgiving dinner was a minute affair. No turkey or chicken graced the occasion and the sance was that of poverty. What a field there is for charity!

The Gazette and a few other republican papers should be more considerate than to charge the hard times to the democrats before they secure control of the government. Besides the Gazette, before the election, devoted column after column in its endeavors to prove that the republican party was not responsible for the condition of trade. If that was true then how can the democrats now be responsible?

One of the conspicuous features at Cleveland jubilees in Georgia has been the cannonading. Dates have been so arranged that Atlanta, Augusta, Athens and elsewhere in the state the same gun could be used—a gun that has come down from revolutionary times, having been captured from British invaders by Georgians under Washington himself in 1776. During the rebellion it was not in use, and in reconstruction days it was buried in an Augusta garden to keep it out of yawning carpet bags. It is now resurrected to boom over a national victory.

PRESIDENT-ELECT CLEVELAND'S FAMILY.

William Cleveland, the grandfather of President-elect Cleveland, was born at Norwich, Conn., December 20, 1770, second son of the Rev. Aaron Cleveland by his first wife, Abiah Hyde, and a great-grandson of John Hyde, a grandson of the first William Hyde, one of the original thirty-five proprietors who purchased the nine miles square of the Mohican Indians, in 1639, in which is included Norwich, Conn. He married December 19, 1793, Margaret Falley, born November 15, 1766, at Westfield, Mass. Of their six children, Richard Falley Cleveland, the father of the president, was born June 19, 1805, at Norwich, Conn. He married, September 10, 1828, Anne Neale, born at Baltimore, Md., daughter of Abner Neale and Barbara Reel, of Baltimore, Md. They had nine children—

1. Anne, born July 9, 1830, married March 9, 1853, Euros Hastings. He is now a missionary at Chavagacherry, in Ceylon.
2. William Neale Cleveland, born July 7, 1832. Is now Presbyterian clergyman.
3. Mary Ellen Cleveland, born November 16, 1833, married December 8, 1853, to William E. Hoyt. Now living at Fayetteville, Oneadago county, New York.
4. Richard Cecil Cleveland, born the 31st of July, 1835. Living at New Albany, Ind.
5. Grover Cleveland, president of the United States, born March 18, 1837.
6. Margaret Louise Cleveland, born October 28, 1838. No. Mrs. N. B. Bacon, living at Toledo, Ohio.
7. Lewis Frederick Cleveland, born May 2, 1841.
8. Susan Sophia Cleveland, born September 2, 1843. Now Mrs. L. T. Yeomans, of Walworth, Wayne county, New York.
9. Rose Elizabeth Cleveland, born June 13, 1846. Unmarried and now with her brother, the president.

This account of President Cleveland's family is taken chiefly from Chancellor Walworth's "Genealogy of the Hyde Family," two volumes. E. No. 134 West Berry street, Nov. 24.

A COMFORTLESS CUD.

Mr. Blaine declared, when Horatio Seymour was making a series of speeches during his canvass for the presidency, that he was making a fool of himself at the rate of thirty miles an hour.

Considering the result of Mr. Blaine's two-month's stamping tour, what would Mr. Seymour be justified in saying of the methods of the late republican candidate for the presidency?

Mr. Blaine personally canvassed New York, and yet that state, which gave Garfield over 20,000 majority in 1880, voted for Cleveland.

Mr. Blaine personally canvassed Ohio, and yet the democratic gains were enormous and unprecedented since the foundation of the republican party.

Mr. Blaine personally canvassed Indiana, and yet Garfield's majority of nearly 7,000 in 1880 was reversed into one nearly, if not quite, as large for Cleveland.

Mr. Blaine personally canvassed Massachusetts, and yet Garfield's majority of over 53,000 fell off nearly one-half.

Mr. Blaine personally canvassed New Hampshire, and his majority is nearly 50 per cent. smaller than Garfield's.

Mr. Blaine personally canvassed Connecticut, and the little state which stood steadfastly by Garfield revolted and went to Cleveland.

Mr. Blaine personally canvassed Wisconsin, and Garfield's majority of 30,000 shrunk away to about 4,000.

Mr. Blaine personally canvassed Michigan, and cut down Garfield's majority of nearly 54,000 to 1,000 or 2,000.

Whether Mr. Blaine made a fool of himself at the rate of thirty miles an hour, he certainly made the republican votes take to themselves wings and flee away at a much more rapid rate.

It would hardly, perhaps, be fair to say his personal canvass was the exclusive or chief cause of this. Mr. Blaine's official record and character were doubtless more potential in this respect.

But whatever effect his personal canvass may have had, Mr. Blaine is powerless to extract any consolation from it as he is to comfort himself with his characterization of Governor Seymour's canvass.—*Louisville Courier-Journal*.

Intelligent people have quit taking biters and mineral poisons, have quit doctoring kidneys and liver, nerves and brain, have quit using alcoholic poisons and narcotic drugs; have quit poisoning their system with quack nostrums, and now keep themselves and families in perfect health by occasionally using the only perfect blood purifier and true strengtheners of weak portions of the body, known far and wide as Dr. Cassell's Yellow Dock and Sarsaparilla. Any druggist will get it for you.

There are three colored democratic members of the Georgia legislature.

Time, Languid, Dull, Exactly expresses the condition of thousands of people at this season. The depressive effect of warm weather and the weak condition of the body can only be corrected by the use of a reliable tonic and blood purifier like Hood's Sarsaparilla. Why suffer longer when a remedy is so close at hand? Take Hood's Sarsaparilla now. It will give you untold wealth in health, strength and energy.

The spiritualistic craze seems to have secured a fresh foothold in different portions of the country. Only a few days ago a lady in Ohio, who was seriously ill, was placed under the care of a "spiritualist," whose treatment resulted in death, and later still a husband quietly and lovingly watched the lamp of life in his wife go out after she had told him that she had taken poison to free herself from bodily pains, but that she would visit him in spirit. The "doctor" in the first case has been pronounced crazy, but the question is what is to be done with those who permitted and sanctioned such a course?

Carelessness is the true cause of a great many of our misfortunes. It was carelessness, according to the admission of Stephen W. Reynolds, of Coldwater, Michigan, that brought on a severe attack of colic. "The pain was intensely acute," he writes. "I was cured, in two hours by Mischler's Herb Bitters." This great household remedy never fails when used as directed for colic, cramp, pain in the stomach, dysentery, diarrhoea, indigestion or kidney and liver disorders.

Miss Anna Katherine Green, the author of "The Leavenworth Case," was married to a Mr. Rholf.

ery, in Ohio. The piece of timber be-
came imbedded in the muck, and is
wonderfully well preserved. A section
of the log was taken out and is being
manufactured into canes. It was built
by the soldiers under Wayne ninety-

A correspondent sends THE SENTINEL
an account of the marriage of George
Hawky and Miss Lizzie Wyss, which
took place at Hesse Castle on the 18th
inst. The ceremony was performed by
Rev. Father Marks in a solemn and im-
pressive manner and in the presence of
a large number of invited guests. The
church was nicely decorated for the oc-
casion. After the ceremony a reception
followed at the residence of the bride's
parents, where merriment and good
cheer held undisputed sway. Numerous
presents were received.

During the past week an old woman
has been working a great racket in the
west end. She would rush into a house,
complain of great pain and breathlessly
ask for a dime to get medicine. In most
instances she was given money, but a
Lavina street lady spoiled her little
scheme. She rushed into the lady's
house in question, writhed in pain and
asked for money to get medicine. In-
stead the frightened woman administered
a drug, which she had in the house, and
probably gave too much of the com-
pound, as it almost wound the patient
up. It was burning hot and to hear the
old impostor swear after she had
swallowed the medicine would make
Black Jack Logan green with envy. Her
racket was to buy whisky with the
money.

Sam Slater came very near being a
corpse Wednesday afternoon. He is em-
ployed at Stone's wood yard, in the west
end, and Wednesday afternoon visited the
place with a couple of patrons who want-
ed an armful of fuel until their purchase
could be delivered. Timber thieves have
been touching the wood pile lately and
Mr. Stone left notice at his house to watch
the premises. His wife saw the man at
the wood pile Wednesday and called a
neighbor to frighten the supposed
thieves. The neighbor promptly fired
the contents of an old pistol at the party
and Mr. Slater caught the lead in a fleshy
part of his body. He howled with pain
and fright and for a time it was suppos-
ed that he had been dangerously wound-
ed. The ball penetrated a plug of to-
bacco before it touched Slater's article
and that fact saved his life.

IS IT ECONOMY?

The Pennsylvania Company Cutting the
Branch Lines to the Lowest Notch
and High Heads are Fall-
ing—Is it to Deprive
the Road Stock?

The Pennsylvania Railroad company
is making an extraordinary reduction in
the operating expenses of leased lines,
and the comments on this sudden splurge
of economy are sensational. It is said
that outside the pool the Pennsylvania
railroad can carry more passengers and
haul more freight than any other line in
the nation, but the eastern capitalists are
having trouble with leased lines which
they do not control, as, for instance, the
Pittsburg, Fort Wayne and Chicago. The
latest movement of the Pennsylvania com-
pany is nothing less than the consolidation
of all the auditing departments of the
Pennsylvania company's lines. When
this is done and the auditors' offices at
Cleveland and Louisville are transferred
to Pittsburg, the clerical force in the
auditing department will be reduced
about one-half. At the present time the
Pennsylvania company has three audi-
tors, each having charge of the lines
controlled by the company, with offices
at different places. The Pittsburg,
Fort Wayne and Chicago road, the
Erie and Pittsburgh, the Ashtabula and
Pittsburg and the Indianapolis and Vin-
cent roads are operated by what is
known as the "Pennsylvania Company
Operating Department." The auditor
of these lines is stationed at Pittsburg,
the auditor of the Cleveland and Pitt-
sburg is stationed at Cleveland, and the
auditor of the Jeffersonville, Madison
and Indianapolis is located at Louisville,
Ky.

In all departments of leased lines the
force of operators has been reduced one-
third, and people in a position to know
say the whole plan is to centralize the
management at Pittsburg, depreciate
the stock of leased railroads in the east-
ern markets and then buy up sufficient
power to control the lines. There is
something in this matter, because trusted
men from the main division of the Pen-
nsylvania railroad are now in charge of
the great departments of leased roads.

Sufferers from nervousness, early de-
cay, etc., if you value life avoid ad-
vertising doctors and medicines that act on
the liver and kidneys. Be not deceived
by the many bogus certificates of cures
from paid or imaginary persons. If weak-
ness of the sexual system is the cause of
your distress, Dr. Guyot's Yellow Ointment
and Serravallo's will strengthen the parts
affected, stop the drain, quiet the nerves,
produce dreamless slumber and allow
you to regain perfect health. It has
cured thousands, and will cure you, for,
by purifying the blood and strengthen-
ing every weak portion of the body it
removes every symptom of distress.

BROWN'S IRON BITTERS

THE BEST TONIC.

PHYSICIANS AND DRUGGISTS RECOMMEND IT.

This medicine, combining iron with pure vegetable tonics, quickly and completely cures Dyspepsia, indigestion, Weakness, Impure Blood, Malarial Fevers, and Neuralgia.

It is an unerring remedy for Diseases of the Kidneys and Liver.

It is invaluable for Diseases peculiar to Women, and all who lead sedentary lives. It does not irritate the bowels, cause headache, or produce constipation—other purgatives do.

It enriches and purifies the blood, stimulates the appetite, aids the assimilation of food, relieves Heartburn and Belching, and strengthens the muscles and nerves.

For Intermittent Fevers, Lassitude, Lack of Energy, &c., it has no equal.

The genuine has above trade mark and crossed red lines on wrapper. Take no other.

"One hundred doses one dollar" is true only of Hood's Sarsaparilla, and it is an unanswerable argument as to strength and economy.

Door-plates are again fashionable in Gotham.

If the fire grate and fireirons cost fifty dollars, what will a ton of coal come to? Ashes. St. Jacobs Oil costs only 50 cents.

All the buckwheat cake asks is a fair count.

"Had rheumatism for years—took half a bottle of Athlophoros and haven't had a pain since." E. D. Hitchcock, Westville, Ct.

Henry W. Mordhurst ate Thanksgiving turkey with his mother at Logansport. Mr. Mordhurst returned to-day.

"Beneath those rugged elms, that yew tree's shade," they sat until she had a regular old-fashioned rattling ague. So instead of treating her to ice cream he wisely treated her to a box of Victoria Pills. They righted her up in a few days.

Two railroad clerks had a fight in a Calhoun street saloon last night. The dudes were too limber to hurt each other.

Public speakers and singers find B. H. Douglass & Sons' Capsicum Cough Drops a sure remedy for hoarseness.

The hospitals were liberally supplied with turkey and the customary delicacies yesterday. Not all the inmates would enjoy the feast.

Visits of the Dead to the Living.

Thousands of stories on this subject are told; all of which when thoroughly sifted are found to have their origin in dyspeptic and nervous dreams. To get rid of such unpleasant dreams, tune up your stomach and strengthen your nerves with Brown's Iron Bitters. Everybody who tries this famous tonic finds it reliable, and pleasant in its action. Aug. Kane, of 634 Elm street, Cincinnati, says: "Brown's Iron Bitters entirely cured me of dyspepsia."

One hundred tons of fish are eaten in Philadelphia every week.

"So far, so good," said the boy, after eating the stolen tart. After reviewing the thousands and tens of thousands of colds and coughs that have been cured by Dr. Bull's Cough Syrup we can readily say, so far, so good.

Streglitz, the Russian millionaire deceased, bequeathed 8,000,000 roubles to Madame Member, the pianist.

The Indians, knowing the value of wild cherry bark as a cure for coughs and colds, used to prepare it in their rude way and in winter kept it constantly on hand. The careful and secret method of preparing Dr. Wistar's Balsam of Wild Cherry makes it superior to all other preparations. It is very pleasant to take.

Two "sacred white coons" with pink eyes have been caught in Constantine, Mich.

Insurance.

Insurance is a good thing whether applied to life or property. No less a blessing is anything that insures good health. Kidney Wort does this. It is nature's great remedy. It is a mild but efficient cathartic, and acting at the same time on the liver, kidneys and bowels, it relieves all these organs and enables them to perform their duties perfectly. It has wonderful power. See advertisement.

"The Silver Tongued Orator of the East"

Daniel Daugherty, of Philadelphia, in his great subject, "Oratory," will lecture in Library hall Monday evening, December 8. General admission, 50 cents; reserved seats (at Woodworth's), 75 cents.

Last year's Library Hall Lecture Course season tickets will admit the bearers without any additional cost. This will be the only chance of hearing Mr. Daugherty in this city. He enjoys the reputation of being the grandest orator east of the Allegheny Mountains.

Remember the day and date—Monday evening, December 8. The one and only Dan Daugherty, the most eloquent orator of his day in the United States.

The Fletcher Electric Belt.

The Electric Belt, invented by Fletcher, which has made such a great reputation in the east, is now sold in Fort Wayne by Meyer Bros. & Co., and Dreier & Bro. ADVICE TO MOTHERS.

Mrs. Winslow's Soothing Syrup should always be used when children are cutting teeth. It relieves the little sufferers at once; it produces natural, quiet sleep by relieving the child from pain, and the little cherub awakes as "bright as a button." It is very pleasant to taste. It soothes the child, softens the gums, allays all pain, relieves wind, regulates the bowels, and is the best known remedy for diarrhoea, whether arising from teething or other causes. Twenty-five cents a bottle. Lead&wly.

The Safest and Best Internal Remedy.

It is safe to take Brandreth's Pills at any time, but to get the best results they should be taken on an empty stomach, going to bed. It is well on the night you take them to eat little or no supper. As no two people are affected precisely the same by a like quantity of the same medicine, it is difficult to determine the dose; and it is something which must be left to the discretion of the patients. We will say, though, the average dose for an adult is from four to ten, according to effect.

For constipation or dyspepsia, one or two taken every night will in a short time perform an absolute cure. It is well to take a purgative once or twice a month as a preventive of disease, and as these pills are entirely vegetable and are made with the greatest care, we know them to be the safest and most effective purgative ever introduced to the public. They have been sold in this country for over fifty years, and have in that time attained an unprecedented popularity.

Rheumatism Quickly Cured.

There has never been a medicine for rheumatism introduced in Fort Wayne that has given such universal satisfaction as Duran's Rheumatic Remedy. It stands out alone as the one great remedy that actually cures this dread disease. It is taken internally and never has and never can fail to cure the worst case in the shortest time. It has the endorsement and recommendation of many leading physicians in this state and elsewhere. So it is every druggist at \$1. Write for free 64 page pamphlet to E. K.
